Employment Opportunity

Denturist Wanted. Denture clinic located in the heart of Lloydminster, Alberta, Canada's only border city, is seeking an energetic, dedicated, dynamic, professional licensed Denturist.

This is a full time position in an ideal location halfway between Saskatoon, SK and Edmonton, AB. The clinic is a bright and cheery workspace and has a large custom-built lab with lots of natural light (photos available upon request).

An added bonus is the opportunity to become the sole owner of the thirty year old, well established and busy clinic. Owner is considering retirement within the next two to three years but is willing to stay on as a lab technician once the transfer of ownership is complete.

Contact me at kdclinic@telus.net or fax to: (780) 875-6721. Serious inquiries only please.
