

Denture Clinic for Sale

The clinic is located in the beautiful and vibrant town of Canmore; only 1 hour west of Calgary and 12 minutes from Banff. This is the ideal practice for outdoor enthusiasts or those wanting to both work and settle in a beautiful mountain community outside the restrictions of the federal park.

This well established fulltime practice has recently relocated into a newly constructed building. The office is modern in design, includes 2 operatories, a large lab and a separate processing room.

There is underground personal parking for the dentist, and plenty of above ground outside parking for patients.

We have referring Dentists from both Canmore and Banff dental clinics.

The town population continues to grow, with over 12,000 residents recorded in the 2009 census. As well, there is a very large drawing area from the east perimeter of BC to Calgary, as well as communities to the north and south of Canmore.

For more information on the Town of Canmore, please visit the official website at: <http://www.canmore.ca>

Serious inquiries only and please no telephone calls to the Clinic! For information, please contact Jody at (403) 710-0031, and leave a voice mail message.
